**RE: ACKNOWLEDGMENT FOR THE RECEIPT OF 1600 EURO
AND 4000 EURO IN TWO INSTALMENT**

Refer to the above heading, on behalf of Bweranyange Girls Secondary School community, I send much greetings to all staff members and students at Berger-Forell Sekundar Shule. We are very happy to hear that all of you are going on well and proceeding with the school sessions after eruption of COVID 19 pandemic.

We thank God who guided and protected you during the difficult time of COVID 19. Really, we are very happy to here that you are safe and you are going on with school activities. We know that it is different due to the precautions which you are supposed to take. Even in our side, we thank God that we are going on well with the, school session, it was very difficult situation with COVID 19. We had to close the schools for more than 3 months, again it was very difficult after opening with the precaution which we were supposed to take such as wearing masks, washing hands every time and taking body temperature every day morning to all students and workers and all visitors who come to school.

In taking temperature, we faced a challenge at the beginning where a person found with high temperature, was very difficult for other students as well as workers to realize that it might be Maralia or another known disease. But at last all of us, were used with the situation.

We thank you for your assistance during this difficult time of COVID 19 where we received 1600E-URO and 4000 EURO in two different instalments.

The money have been used as follows:

1. **2300 EURO** for buying materials for COVID 19 protection.
2. **1925 EURO** for school fees for students who have problems in payment.
3. **1375 EURO** for other school running costs as we have the shortage of money for that.

Thanks for that assistance, it has done a lot at our school. Pass our sincere thanks to the whole school community.

May God Bless you.

.....
